Accreditation Valid to:	2025-07-09

Additional Fixed Office Locations:

Refer to the legal entity location identified at the top of this listing. There are no additional locations included in this scope of accreditation:

Protected Mark:

Product Certification Scheme:

ISO/IEC 17067, Conformity assessment - Fundamentals of product certification and guidelines for product certification schemes, *scheme type 3* most closely resembles the product certification scheme operated by this organization. The surveillance part of this scheme involves periodically taking samples of the product from the point of production and subjecting them to determination activities to check that items produced subsequent to the initial attestation fulfil the specified requirements. The surveillance includes periodic assessment of the production process. This scheme does not provide any indication of the impact the distribution channel plays on conformity. When serious nonconformities are found, the opportunity may exist to resolve them before widespread market distribution occurs.

Scope of Accreditation:

The scope of accreditation for the above-mentioned legal entity limits the use of the certification mark shown, to products that meet standards classified by the following international classification coding:

ICS No.	Title	Purpose
13.220.50	Fire-Resistance of Building Materials and Elements	Fire Resistance of Doors and Windows
81.040.20	Glass in Buildings	Insulating Glass Durability/Safety Glazing
91.060.50	Doors and Windows	Structural Performance of Fenestration products
91.100.60	Thermal and Sound Insulating Materials	Sound Insulating Performance of Fenestration Products

This document forms part of the Certificate of Accreditation issued by the Standards Council of Canada (SCC) to [National Accreditation and Management Institute, Inc. (NAMI)]. The original version is available in the Directory of Accredited Product, Process and Service Certification Bodies on the SCC website at www.scc.ca.
