

CERTIFICATION BODY ACCREDITATION PROGRAM (CBAP)

Scope of Accreditation

Accredited Legal Entity: Element Materials Technology Portland-Evergreen Inc.

Contact Name: Victor Ratinoff

LOCATION A

Address: 41 Tesla
Irvine, California
92618 USA

Telephone: +1 949 293 7026

Website: www.element.com

Email: victor.ratinoff@element.com

SCC File Number:	10101
Accreditation Standard:	ISO/IEC 17065:2012 – Conformity assessment — Requirements for bodies certifying products, processes and services
Additional Accreditation Requirement:	SCC Requirements and Guidance – Product, Process, and Service Certification Body Accreditation Program, v5, 2021-09-21
Initial Accreditation:	2024-11-30
Most Recent Reaccreditation:	2024-11-30
Accreditation Valid to:	2028-11-30

Protected Mark:

Product Certification Scheme:

ISO/IEC 17067, Conformity assessment - Fundamentals of product certification and guidelines for product certification schemes, *scheme type 5* most closely resembles the product

certification scheme operated by this organization. The surveillance part of this scheme allows for the choice between periodically taking samples of the product either from the point of production, or from the market, or from both, and subjecting them to determination activities to check that items produced subsequent to the initial attestation fulfil the specified requirements. The surveillance includes periodic assessment of the production process, or audit of the management system, or both. The extent to which the four surveillance activities are conducted may be varied for a given situation, as defined in the scheme. If the surveillance includes audit of the management system, an initial audit of the management system will be needed.

Scope of Accreditation:

The scope of accreditation for the above-mentioned legal entity limits the use of the certification mark shown, to products that meet standards classified by the following international classification coding:

ICS No.	Title	Purpose
11.040	Medical equipment	Electrical Safety
11.040.01	Medical equipment in general	Electrical Safety
11.040.10	Anaesthetic, respiratory and reanimation equipment	Electrical Safety
11.040.50	Radiographic equipment	Electrical Safety
11.040.55	Diagnostic equipment	Electrical Safety
11.040.60	Therapy equipment	Electrical Safety
17.020	Metrology and measurement in general	Electrical Safety
19.020	Test conditions and procedures in general	Electrical Safety
19.080	Electrical and electronic testing	Electrical Safety
25.040.40	Industrial process measurement and control	Electrical Safety
33.160.01	Audio, video and audiovisual systems in general	Electrical Safety
35.020	Information technology (IT) in general	Electrical Safety
71.040.10	Chemical laboratories. Laboratory equipment	Electrical Safety
71.040.20	Laboratory ware and related apparatus	Electrical Safety

This document forms part of the Certificate of Accreditation issued by the Standards Council of Canada (SCC) to Element Materials Technology Portland-Evergreen Inc. The original version is available in the Directory of Accredited Product, Process and Service Certification Bodies on the SCC website at www.scc-ccn.ca.
